## CEED Progress Report

**Why:** We are grateful for all that the Lord has done *through you* this past year.

**How:**

### Leadership:

- Our Board has three new and dynamic members who bring their special gifts and talents to improve our ministry and benefit the people of Uganda.
- Our Board member Jim West has spent the past year in Uganda assisting our Executive Director Herbert Asiimwe and working with our drilling crews.

### Development:

- As you know, we had a Gala on October 10, 2019, attended by **150 people**.
- We raised **\$199,000**.
- Since the Gala, we have raised an additional **\$205,000**.
- We've drilled **73 wells**.
- And refurbished **33 wells**.
- We have drilled and installed **1 water system** with a submersible pump, water tank and solar panels.
- We have **1 new water system** and **5 refurbishes** in progress.
- On average, it takes **7 days and \$4,500** to drill a well.
- On average, it takes **1 day and \$750** to refurbish a well.
- We now have enough funds to drill **2 more wells**.
- Due to the Covid-19 pandemic shutdown, many were facing starvation in the remote villages. Herbert and Jim gave away \$3,000 in food staples from our Good Samaritan Fund.

### Results:

This past year, *you* have provided clean water to more than **150,000 people**.

**Looking ahead:** Frankly, we need **\$250,000** to keep both crews and drilling rigs busy thru December 2020.
